

Social Studies, Grade 4

Unit II: Lesson C3

Debate: **To Secede or Not To Secede**

Consider what it would be like if your state chose to secede from the nation.

With another student, plan a debate in which one of you develops a case for seceding from the United States and other develops a case for remaining part of the United States.

Present the debate for your classmates, and afterward take a vote to see if the class agrees to secede or not to secede.
