

Social Studies, Grade 4

Unit III: Lesson A1

Historical Sketch: **State Seventh-day Adventists**

Research the history of Seventh-day Adventist work in your state. If you have trouble finding information, contact your local conference office to use their Seventh-day Adventist publications.

After you have gathered your information, organize your materials. Construct an outline from which you develop a two-page historical sketch of Seventh-day Adventist work in your state. Describe what was happening in state history at the same time.

Share your historical sketch during a worship or class period.
